

## British International Championship Club

## Leyland Marking Station in the North West

The BICC have announced a new marking station for the 2025 season. Fanciers in the North West of England will now be able to mark their birds at Bamfords Corn Mill in Leyland (PR26 6TN), a venue already well established as a centre for marking, with regular sessions already held for the NFC and MNFC during the racing season and the Bamford's Gold Ring Spectacular and Championship races held in August each year.

Bamfords Top Flight are sponsors of the BICC and supply their Red Rosette racing mixture for the transporter, which is handled by Clive and Jill Rogers at Treetops. This mixture is used by a raft of top fanciers, and its variety of top-quality ingredients ensures the birds will lack for nothing on their flight back home.

BICC President, Jill Rogers said, 'The BICC are delighted that a new marking station is opening in Leyland. This marking station will give members in the north-west the opportunity to race against the best distance fanciers in England, Wales and Europe. We wish the marking team every success and hope this venture will be a real boost for distance racing in the north-west.'

As for marking details, the birds will be marked from 5.15pm – 6.30pm on Wednesday evening (or the evening prior to birds marked at southerly locations), with the birds being transported down to Rugeley by Dave & Emma Armstrong. For more information, and how to join the BICC, please contact Clare Norman at [clarenorman71@outlook.com](mailto:clarenorman71@outlook.com) or call 02380 573919 to join. For marking enquiries, please contact Alan Bamford 01772 456 300.
